

# CareAttend Turning on Biometric Login

## Turning on Biometric Login

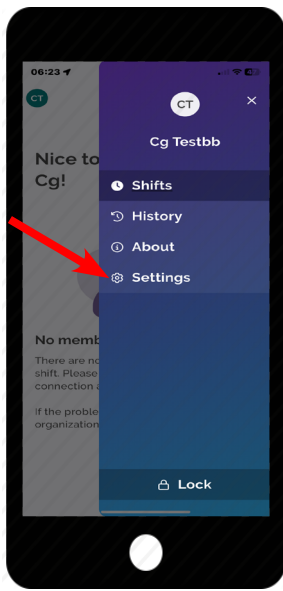

Follow the instructions below to turn on biometric login for the CareAttend app.

1

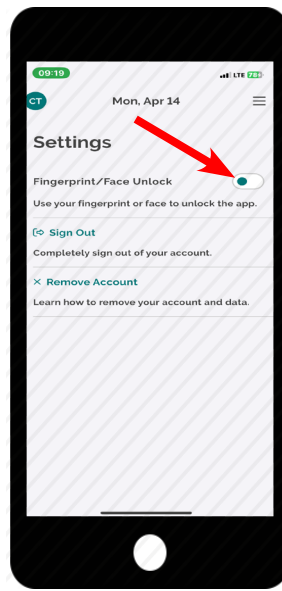

Sign into the CareAttend app.

Click the three horizontal lines in the upper right corner of your screen.

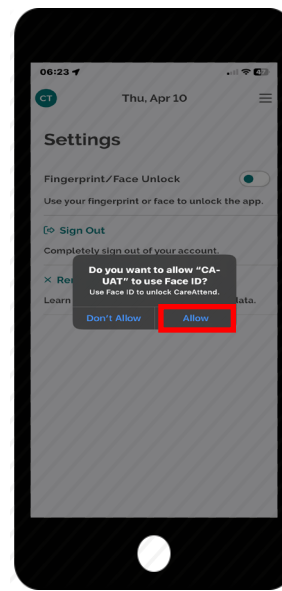

2

Tap **"Settings"** from the popup menu.

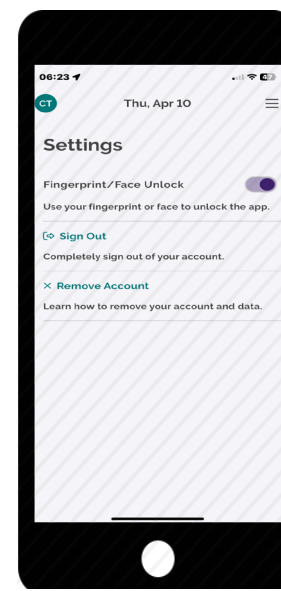

3

Tap the **"Fingerprint/Face Unlock"** toggle to turn on biometric login.

4

From the popup window, tap **"Allow."**

5

Congratulations! Biometric login is now enabled on your device.
